

Post-Matric Scholarship for OBC, EBC & DNT Students

A clear, independent overview for students using the Scholarship Portal.

About this guide. Independently designed summary prepared for the Scholarship Portal from the scheme guidance supplied for this project. It is not a government publication.

Scheme overview

The centrally sponsored scheme supports eligible OBC, EBC and DNT students in recognised post-matriculation or post-secondary study in India. The award is administered by the State/UT where the student is permanently settled, including when the student studies elsewhere.

Eligibility points in the supplied guidance

- The student is an Indian national and belongs to an OBC, EBC or DNT category recognised for the relevant State/UT.
- The student has passed Matriculation, Higher Secondary or a higher recognised examination.
- Parents' or guardian's income from all sources is limited to Rs. 2.50 lakh per year; the document also addresses employed students within this limit.
- The course and institution must meet the scheme recognition conditions.
- The supplied document sets conditions on repeated study at the same level and concurrent scholarships.

Annual amounts listed in the supplied guideline

Course group	Academic allowance	Tuition fee	Total shown
Group 1: professional degree / postgraduate courses	Rs. 10,000	Rs. 10,000	Rs. 20,000
Group 2: other professional courses	Rs. 8,000	Rs. 5,000	Rs. 13,000
Group 3: other graduate / postgraduate courses	Rs. 6,000	Rs. 2,000	Rs. 8,000
Group 4: post-Class-X non-degree courses	Rs. 5,000	Rs. 0	Rs. 5,000

These are the amounts printed in the supplied guideline, not a promise or estimate of a current award. Its notes distinguish correspondence/online study: tuition may be payable while academic allowance is not. It also describes a possible State-funded top-up.

Application and renewal

1. Check the portal named by your State/UT and confirm the application window for your academic year.
2. Verify domicile, category, course group and institution status with the competent authority.
3. The supplied guidance describes Freeship Card registration before admission followed by a scholarship application at admission. Confirm the current steps and deadlines locally.
4. For renewal, check academic progress and attendance. The supplied edition specifies 75% attendance for continuation.

Documents to prepare

The guidance describes online verification as the intended process. For interim/manual processing it mentions a photograph, examination certificates, an authorised caste certificate and a valid income certificate. It also describes identity and course details for Freeship Card registration. Follow your current portal checklist.

Freeship Card. The document describes a card intended to support admission without prepayment of tuition and hostel fees at participating institutions. It says a student should pay the institution after scholarship funds are received. Check current State/UT requirements and institution participation.

Please check before applying

The supplied 17-page guideline is the edition used for this summary; confirm the current academic-year version. Rules, deadlines, institution/course conditions and award amounts may change and may vary by State/UT. Confirm the requirements for your academic year with the scholarship authority responsible for your application. These summaries do not determine eligibility or guarantee payment.
